### COL. DENISON DEFEATED IN CLOSE RACE

Vote Very Light On  
Account of Cold  
Weather

The most important election in Illinois for the last half century has reached its climax. The people of the 3rd senatorial district are complimenting themselves in the election of the Hon. E. H. Morris and the Rev. Dr. A. J. Carey, Col. Franklin A. Dennison, the battle scarred veteran and the ablest candidate in the first senatorial district was defeated by a very small margin.

#### VOTE VERY LIGHT.

On the early morning the sun sent down beaming rays that gave promise of a pleasant day and a heavy vote, but the frigid winds from Lake Michigan blew so strong and continuous that the humid air was almost precipitated into snow. Thus the voters refused to rally and the ambition of the candidates was vanished.

#### CANDIDATES PROUD.

All of the candidates, including Col. Dennison are the happy recipients of hundreds of telegrams and congratulatory phone messages. Dr. Carey who is styled as the fighting "parson" said that he thanked his supporters and friends and that he would not be reluctant in his endeavors to compensate them by taking a man's stand to see to it that the spirit of Lincoln and Lovejoy be a controlling factor in the framing of the new constitution.

Ed Morris when approached by a Whip reporter said that if there are any jokers presented that abridged the rights of any citizen to enjoy the rights guaranteed by the constitution of the United States that he would surely run it down.

### Colored Man Beats Jim Corbett

Ties Hands and Fixes Ex-  
Champion to a Post.

James J. Corbett, ex-heavy weight champion, sometimes known as gentleman Jim was seen in a fistfight with Noble Johnson, colored. This affair happened Sunday night at a Loop Theatre. The colored man with a gang of rowdies and thugs pounced upon Corbett and tied him to a post and Johnson led the assaults. Kind readers this appeared on the screen in the 10th episode of the "Midnight Man." Noble Johnson, the famous colored actor does this stunt because it's in the play. Old Jim Corbett is the midnight man. Johnson looks so much like a Caucasian that few people were aware of the fact that Ethiopia was stretching forth her hands.

### Dispute Over Pecans Leads to Double Killing

Special to the Whip, Nov. 4. —Hoke Carter and Dan McClain's wife were killed and McClain himself was wounded as the result of a shooting today growing out of a dispute as to the right to pecans from a tree from which Carter was picking. All are negroes. McClain has been released on bond pending a hearing.

### PROPOSE CO-OPERATIVE STORE

700 Already Pledged to Purchase—Citizens Seize Opportunity to Work in Unison

A great mass meeting was held Monday Evening, Nov. 3, at Bethel Church for the purpose of organizing a gigantic cooperative store. The purpose of such a store is to conserve colored capital and to encourage intelligent business enterprise.

Alderman Jackson with keen analysis of the proposition pointed out the comparative advantages and disadvantages of such enterprise. The Alderman proved the need of such a movement.

#### ATTACKS SHWARTZ.

The Alderman also showed how the German Jew Schwartz had gotten rich of colored people in the utter business and when he became Alderman was a moving factor in the Hyde Park Segregation scheme. Jackson took a stand against segregation and stated that the colored people would fatten no more frogs for snakes. That they should support their own business and that in the long run the white man would be compelled to respect their right.

#### PEOPLE EAGER TO PLEDGE SUPPORT.

After Warren Douglas has affixed their O. K. to Alderman Jackson's remarks, Miss Caroline Sparrow and Messrs. Farmer, Walker, Gillespie and others made inspiring suggestions. Everybody was eager to sign pledge card and about 700 pledged themselves to buy shares at \$5 each. The spirit of the entire cooperation forbids the issue of over 5 shares to any one person. Several individuals were pestered because they could not buy more. A step in the right road.

### Escapes After Being Sentenced to 6-Yr. Term

James Crenshaw, colored breaks away from Deputy Sheriff.

Norfolk, Va., Nov. 6.—Ten minutes after he had been sentenced in Corporation court to serve six years in the state penitentiary for housebreaking, James Crenshaw, aged 29, yesterday afternoon made a break for liberty and up to a late hour had not been apprehended. Crenshaw was being led from the court room with seven other prisoners who had just been sentenced to the city jail, when he made a dash over Cove St. and in a few minutes was lost from view.

Sheriff Charles Tumbleson, who was in charge of the party, decided that if he attempted to catch Crenshaw he would do it at the expense of losing the other seven, so he marched the latter to the city jail and then immediately gave the alarm. Police were at once sent on the trail of Crenshaw, but no trace of him could be found.

Crenshaw was convicted of having burglarized a house in this city last August and stealing clothes valued at \$5.00. He had been out on bail and following his conviction in court yesterday his lawyer made a motion for a new trial. The search for him will be continued.

### Brusseaux Captures Forger

S. A. Brusseaux, the Hainshaw of the Southside, once more in his battle against crime and vice scored a success by trailing a forger all the way to Detroit and bringing him back to the bar of Justice.

### JAPANESE ATTACK PRE- SENT EVILS

Deplores Injustice Towards Colored and Plead for Fair Play

#### Special to Whip.

Nov. 4 Yamato Times says: "Americans always have on their lips the words liberty, equality, justice and humanity, and unreservedly interfere in the affairs of other countries, acting, they say, on those watchwords. Indeed, they act as if they were under a presidential mission of propagating the principle of justice and humanity. Yet it is known to the world that Americans are ill treating negroes, entirely violating the principles of liberty, equality, justice and humanity. This fact is most effectively proved by the race riots in Washington and Chicago."

"According to those well informed on the American political situation, the motive in focusing public opinion in America, with the senate as a center, on the league and Shantung questions is to divert popular attention for the purpose of taking measures toward Mexico. As a matter of fact some capitalists in America hope that America will obtain the league of nations' mandate for the rule of Mexico. Others say that Mexico may be made semi-independent in order that she may be led and directed at the will of America. Still others contemplate the annexation of the whole of Mexico. It is said that the American government will shortly decide on its policy toward Mexico. Is this not a startling state of affairs?"

The Yamato says that America has acquired the Philippines and Cuba from Spain and California from Mexico and continues:

"American capitalists are increasing their activities in Mexico. There are even indications to show that their activities accentuate the complication of the situation in Mexico. They now propose to rob Mexico of her independence. This is casting off the clergyman's garb to reveal the wolf. If America is charged with prosecuting a policy of aggression against a neighbor much in the same way as Germany did, it will be difficult for America to explain away this situation effectively."

"Do not say that as there is the Monroe doctrine Asiatics should look on and allow America to do as she pleases. Fortunately we have the league of nations, and the powers should conquer the aggressiveness of America in the same way as they defeated Germany."

### Boston Papers Make Plea for Legal Fair Play

(Boston Herald)

Ordinary justice requires that the individual Negro, precisely as the individual white man, should be treated for just what he is, regardless of his race or the color of his skin. If he is honest and law-abiding, he should be treated accordingly, for those are the things he is responsible for—not his race or color. The average, normal Negro, north or south, deserves credit and appreciation for what he has made of himself, in spite of all handicaps; and the worst specimen of his race is not so great a disgrace to civilization as the white mob that hunts him, lynches him and drags his dead body thru the street.

### INDIANS OPPOSE JIM CROW LAWS

Want Freedom and Liberty and Refuse to be Segregated

Three hundred members of the American Society of Indians, in annual convention at Minneapolis, voted for the abolition of the U. S. government Indian Bureau.

The reasons given by speakers are that Indians should be regarded the same as other American citizens and do not need supervision.

A remarkable thing in connection with this pronouncement is the fact that the editor of THE APPEAL, in a wire to the President just before he left for the Peace conference at Paris, in December, 1918, suggested the same idea in reference to the American Indian.

Mr. C. E. Estlin, of Amherst, Mass., president of the organization, in an address said the Indians were not understood; and would not be in the United States, until an Indian is president.

Even the American Indian, who was robbed of his country by the Caucasian, sees the menace of segregation, to which so many colored men are indifferent; and, some, actually claim desire.

Through the influence of certain prominent colored men a "Negro" bureau was established in the Department of Labor, as a war measure. The war is over and it should be abolished. Out out the word "negro" in the government service. If all citizens, regardless of race or color, are not subject to identical conditions before the law, then American democracy is a fake.

### GREAT RIOT IN EGYPT

68 Killed, Many Wounded  
---Object to British Rule

By A. M. COMBRIXO,

Special Correspondent to the Whip. ALEXANDRIA, Egypt, Nov. 8.—The British bulldog is having everything but an easy time in eradicating the desire for independence among the Egyptians. Abdul Khedive, Alla Buekwa, two leaders in the Egyptian national independence movement, were holding a public demonstration in one of the city squares. No attempt was made at first by the authorities to check the revolutionary leaders, but when thousands of natives received with clamorous applause the message of these martyrs, the police attended to break up the meeting.

Many Killed.

As soon as the British hirelings attempted to disperse the crowd several sticks, bottles and all conceivable weapons found their way to the domes of the police. Seeing no other way to checkmate the revolutionary determination, the police fired several shots, killing Khedive and Buekwa and wounding several others. At this instant an alarm was turned in and several hundred police reserves came to the scene of disorder.

Natives Reinforced.

A general battle ensued when the natives came to aid their leaders. It is said that the battle lasted for three hours, and when the smoke cleared away 68 had breathed their last. Forty of this number were natives, the remaining were policemen. The special correspondent to the Whip says the spirit of the revolution will never die.

### 18 HOLES IN BODY, STILL LIVES

Henry Boothe Shot in Tenn.  
Jail—Accused of Insulting Southern Belle

Special to the Whip.

HUMBOLDT, Tenn., Nov. 8.—According to the reports from Wilson Hospital, of this city Henry Boothe, a colored man, who was shot by a mob of southern citizens after he had been arrested and imprisoned. Is still struggling for life.

#### Shot Eighteen Times.

Boothe was shot eighteen times and his body perforated with bullet holes, but with a grim determination to live and a desire to plead his cause Boothe still clings on the flimsy thread of life that separates him from the other world. Boothe smiles and raves over the justice of Tenn. He in his delirium cries out 'They didn't give me a chance'. They murdered me in the dark'.

#### Accused Of Insulting Southern Belle.

Boothe was accused of making insulting remarks to the wife of a young Humboldt man. The young wife is high in social circles and is in a hysterical condition over the affair. Boothe denies even ever having seen the 'Belle' and strongly insisted on being identified. The answer was the mob's intrusion on the jail and the rain of lead from their infernal weapons.

### NAKED MAN DASHES FOY LIBERTY

Despite Handicap Mooney's  
Greyhounds Apprehend  
Swift Delivery Boy

N. O., La., Nov. 5.—The man who didn't care about being in the cavalry for fear his horse might get in his way when he decided to retreat, had nothing on Thomas Christmas, former colored delivery boy for the Albert Mackie Grocery Company, who was arrested Friday and charged with stealing a barrel of sugar and one of salt meat from the grocery concern.

Christmas did not want anything in his way when the police called at his home, 1227 So. Liberty street. Five full-sized cops followed him in a race through Howard avenue to Freret street and the New Basin, where he was captured wearing the suit in which he was born, slightly stretched, but otherwise intact.

### Minister Refuses to Lay Bible Down

Middletown, O., Nov. 4. — Rev. Walter Jolly, pastor of the Church of Triumph, was interrupted in his preaching last night by neighbors, who told him that his house, on Baltimore street, was on fire. He went to the scene and, finding the house in flames, and beyond saving, he returned to his congregation and continued his sermon.

The house was destroyed.

### South Carolina's Amer- ican Legion Assails N. A. A. C. P.

No Uplift Organization for  
Colored to be Allowed.

By the Enterprise Press.

Columbia, S. C. Nov. 5.—Resolutions were adopted last night to the effect that the state of South Carolina had no room for the colored uplift organization of I. W. W. The state convention of the American Legion, was emphatic in their denunciation of the crisis and the spirit of the N. A. A. C. P. movement, which would wake up the colored people and cause them to be economic factors to be contended with. It was skillfully argued by the ex-soldiers who have returned from the battle fields of France that the colored man must be 'kept in his place' and that the American legion did not propose to allow any agency to give him uplift or broaden his vision but that he must be left alone. It also said that the association was referred to by another speaker as an I. W. W. South Carolina did not want further race injustice, and any uplift or advancement movement by colored people would cause resentment by the whites. The American Legion is being criticized all over the country because of this southern and un-American stand. The colored ex-soldiers in Carolina are planning an indignation meeting and will submit a platform to the white contingency with the view in mind that the conscience of the southern soldier will be awakened to a greater sense of Americanism.

### England to Use Bombs on the Indians

SIMLA, India.—Airplane bombs are to be used against the tribes of Waziris and Mahsuds in Afghanistan unless the tribesmen discontinue the continual attacks on British posts and convoys and raids into British territory. Representatives of these tribes have been summoned to British headquarters to hear the British ultimatum. Six brigades of infantry, together with artillery and cavalry detachments, are being employed in the operations under Maj.-Gen. Climo.

### ARKANSAS JURY BREAKS RECORD

Nearly a Hundred Cases  
Yet To Be Tried.

The juries in the Arkansas riot have taught the mob a new lesson in speed. When it comes to dispensing with Negroes accused of crime. Never before in the history has there been such a wholesale conviction without deliberation. Out of 107 indictments 15 cases have been turned over to the jury. Seven men were convicted the first day in eight minutes and the second day it is alleged that 8 men were convicted in seven minutes.

#### No Whites Indicted.

The most alarming phase of the whole procedure is that out of the many colored people killed and wounded by white thugs there has not up to date been a single indictment or conviction against a white man. The colored people are very indignant. The feeling is running very high according to reports by a Special Whip correspondent. If there is not a disposition on the part of the authorities to deal more fairly with the colored people further bloodshed is expected.

#### A New Discovery.

It is said that during a special investigation by the friends of the white lawyer whom the colored people employed to look after the legal aspects of their business, that the sheriff depolitized every white man who applied and equipped them with revolvers and ammunition, this is an excuse to allow them to give vent to their primitive emotions and at the same time to hide behind the breast works of the law.

### Dr. H. W. Reid Beats Case, Sprung on Habeas Writ

Dr. Reid, of 3421 Prairie Ave., who got tangled up the authorities in Dixie He was accused of operating a confidence game thru "Voodoo" methods. His friends are glad to report that the charges were trumped up and that his lawyers were able to exculpate the Doctor on a writ of Habeas Corpus.
